Subject: Unvalidated Total Metals Results for Shiloh Church Road Site, DAS R35669, Work Order 1910010
[1910010 draft Total Metals 102119.pdf](#)

Good Afternoon Christine,

This e-mail transmits the Unvalidated Total Metals Results for Shiloh Church Road Site, DAS R35669, Work Order 1910010. These data are attached as a pdf file. While we expect the Final Data to be the same as the Unvalidated Data, some minor editing may take place. Please let me know if you have any questions.

Also, I'm sorry that it is post due for the agreed upon 7-day turn-around-time for unvalidated report; we have had an instrument issue late last week. Fortunately we were able to find the root cause, fix the instrument, and get the samples analyzed today.

Thank You,

Yingtao
